

Learn German With Friends.

All Ages, All Levels, Year-Round

Quality German Courses

The Humboldt-Institut has been teaching German for over 45 years. With more than 85,000 students from over 160 countries, the Humboldt-Institut is one of the most experienced language schools for teaching German in Germany.

We offer intensive German courses for **all ages, all language levels** and **at any time of the year**. All intensive courses are offered as packages including accommodation, full board, daily activities and excursions.

This way, students can fully focus on learning and immerse themselves in the German language.

C1

The levels of our courses – A1, A2, B1, B2, C1 and C2 – are based on the Common European Framework of Reference for Languages. The **intensive courses** for all ages are divided in stages of five weeks each. At the end of each level, a level test has to be passed to move on to the next higher level.

For total beginners, the course start is possible at the beginning of an A1 level. Students with previous knowledge of German can join an already running course.

Thanks to a comprehensive **placement test**, we can place students according to their knowledge, ensuring small and homogeneous classes.

All students, from beginners to advanced learners, are taught at the level that suits them best and are efficiently guided on their way to the desired learning goal.

Teaching and Learning

Only German is spoken inside and outside the classroom. In our **total immersion concept**, students dive into the German language right from the beginning.

All basic skills such as listening, reading, speaking and writing are systematically trained in the classroom. In addition, great care is taken that students actively master the grammar. Our teachers follow an internal curriculum that is based on decades of teaching experience and aims to provide students with the best possible learning experience.

Classes are **action-oriented**, so that students can apply their knowledge in written or oral communication as often as possible. Varied forms of cooperative learning enrich the lessons and provide a positive learning environment. Thanks to this lesson design, all students have an above-average share of speaking in class.

"A good balance between pronunciation, grammar, fun games and – most importantly – speaking. A fast and fun way to learn!"

David, age 34

Activities and Excursions

Every day we offer an attractive **activity program** with sports, creative activities, games or cultural events after class. Twice a week our staff organizes and accompanies excursions to attractive destinations.

Our team makes sure that everyone feels included, and that the vast array of activities includes a great option for every student. In courses for children and teenagers, all costs for the activities and excursions are already included in the course fee!

Since the **activities and excursions** are conducted in German, they offer plenty of opportunities to speak German. Students can learn just as much outside of the classroom as they do inside of it, all while spending time with new friends from all over the world.

German Courses for Kids and Teens

"I attended a super intensive course at Bad Schussenried last summer. I absolutely loved it! I made great progress – and great friends!"

George, age 16

The Humboldt-Institut offers German courses for children and teenagers at numerous locations in Germany and Austria. All courses include residential accommodation, full board, daily activities, excursions, a certificate and reliable supervision.

Children and teenagers can join an intensive course in our schools in Bad Schussenried and Lindenberg at **any time of the year!** This offer is complemented by **summer courses** for teenagers in exciting cities such as Berlin, Cologne, Düsseldorf, Munich and Vienna. The summer courses for children are held in smaller locations such as Reimlingen, Bad Dürkheim or Heessen Castle.

The safety of the students is always guaranteed – at every course location.

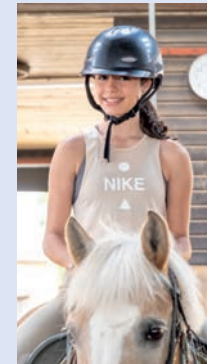

German + Boarding Schools in Germany

The “Secondary Education in Germany” program is geared towards highly motivated students and offers them the chance to attend a boarding school in Germany. There the students will study to pass the Abitur, which is the required diploma for university admission in Germany.

In order to be admitted to a German boarding school, international students must demonstrate above-average academic performance, as well as sufficient knowledge of German. In our residential language schools, we offer our students ideal conditions to prepare themselves and get used to a life in Germany.

After having successfully completed the German course, students are transferred to one of over 40 partner boarding schools and are integrated into a class according to their age and performance level. The Humboldt-Institut cooperates with highly respected boarding schools throughout Germany and will gladly help students to find the right school for them.

Short-term stays from two to four months are possible with our “Boarding School Experience”:

German Courses for Adults

The Humboldt-Institut offers intensive German courses for adults in **Berlin-Mitte** and **Constance**. Our German courses are offered for all language levels from A1 to C2. This includes courses for total beginners as well.

By staying in our **comfortable residences**, students live directly on campus in an international yet German-speaking environment and can focus completely on their German language course. In addition, a daily cultural and activity program as well as excursions are included in the course fee.

This combination of **learning and fun** enables a swift immersion in the German language. It supports and promotes the learning progress significantly.

"The concept of speaking German with the teachers and staff once we arrive, is a good idea. That's how we learn and make new friends. You can't ask for more!"

Clemence, age 19

German + University

"Made in Germany" is a synonym for quality all over the world. A degree from a German university gives foreign students a clear edge over competitors in the international job market. Compared to other countries Germany offers top quality while studying there is relatively inexpensive.

Invest in your future today: At the Humboldt-Institut we advise and assist students who wish to pursue higher education in Germany. At our schools in Berlin-Mitte and Constance, we help prospective students to reach the required German level in the shortest possible time.

With our **university application service**, we offer advice and support in applying for a place at a German university. After checking the academic requirements for admission, we develop an individual learning plan and apply at Studienkollegs or universities in Germany.

Many Humboldt-Institut students have successfully been prepared for admission to German universities, such as

- Charité Berlin
- LMU Munich
- Technical University Dresden
- TU Munich
- Goethe University Frankfurt
- and many more

Benefit from Humboldt!
